Partnerships

The Sino-Italy Ningbo Ecological Park (SinePark) was created in 2015 by the MoU on Jointly Supporting the Establishment of Sino-Italy Ningbo Ecological Park, signed between the Italian and Chinese Governments. It is an unique ecological park of Zhejiang Province, one of the 8 state-level parks for international cooperation in China. The SinePark is strategically located in the Yangtze River Delta in Zhejiang Province in Yuyao (Ningbo) city. It hosts also an incubator and R&D center in collaboration with Tsinghua University. SinePark focuses on the following sectors: New Energy Automobile, New Materials, Eco-friendly industrial base, Life & Health, General Aviation (High end equipment).

The partnership has the aim of creating and improving synergies between chinese investors and european businesses for the development of international projects.

International Arbitration Center of wenzhounese entrepreneurs signed a strategic cooperation agreement with Silk Council to open a representative office in Rome, Italy.

eastwest
European
Institute

The Eastwest European Institute is an independent organization specialized in geopolitical analysis, organization of scientific events and training projects focused on international affairs and global dynamics, for students and professionals.

UCFA main purpose is to strengthen economic and socio-cultural relations between Ukraine and China and to promote the development of relations between the enterprises of Ukraine and China in the fields of IT technologies, energy, construction and cultural exchange.
