# Partnerships

*The Ningbo Sino-Italy Ecological Park was created in 2014 in accordance with the Italian Government and the Chinese Government. It is the only ecological park of Zhejiang Province and one of the only 8 parks for international cooperation in China. The park is strategically located in the Yangtze River Delta in Zhejiang Province. It also hosts an incubator and research and development center in collaboration with Tsinghua University.*

*Sectors of cooperation: Automotive, Aerospace, Environment-Green Economy and Life Sciences.*

*The partnership has the aim of creating and improving synergies between chinese investors and european businesses for the development of international projects.*

*International Arbitration Center of wenzhounese entrepreneurs signed a strategic cooperation agreement with Silk Council to open a representative office in Rome, Italy.*

**eastwest**  
European  
Institute

*The Eastwest European Institute is an independent organization specialized in geopolitical analysis, organization of scientific events and training projects focused on international affairs and global dynamics, for students and professionals.*

*UCFA main purpose is to strengthen economic and socio-cultural relations between Ukraine and China and to promote the development of relations between the enterprises of Ukraine and China in the fields of IT technologies, energy, construction and cultural exchange.*
